of the St. Mary's church final arrange-
ments for the festival were com-
pleted. The festival will be held Thurs-
day and Friday of this week. Friday
afternoon will be devoted to the chil-
dren of the parish and a special pro-
gramme of games has been arranged
for the young folks. Carpenters have
been at work for the past few days
erecting booths and putting up the
decorations and electrical effects.

In the evening the "Duke" band
will give a concert from 8 to 9.30 o'-

great success. The general commit-

Rev. Robert F. True, who resigned
the pastorate of the High Street Baptist
church, Taunton, a few weeks ago,
has accepted a position with the

CITY WATER SAFE FOR DRINKING

Three Samples Were Analyzed at Laboratory of the State
Board of Health at Middletown—Report on Sample from
Stony Brook and Franklin Street Fountain Received by
Superintendent Burnap Monday—General Satisfaction
Over Reports on Both Reservoirs.

"The supply is apparently entirely
safe for drinking purposes," is the
substance of the report from the la-
boratory of the state board of health
in Middletown on the analysis of the
samples of water taken from both
Stony Brook and Fairview reservoirs
from Stony Brook and Fairview and
sent them to the laboratory in Middle-
town for analysis. Three days later
the received reports on both samples.
The substance of the report on the
Fairview sample was as follows:

Fairview. This water is low in
mineral matter. It is a soft water and
pale and is slightly turbid. The
analysis for organic constituents are
not high and the chlorine figure is
not slightly in excess of the normal
for soft water. The bacteria count
was ruined by organisms of a liquefy-
ing variety but the number of bacteria
on agar at body temperature is only
from one to ten and no dangerous
organisms were found.

The supply is entirely safe for
drinking purposes at the present time.
The report on the Stony Brook reser-
voir water was not satisfactory to
superintendent Burnap as it had been
sent in a bottle which had not been
thoroughly sterilized. He took a
second sample from Stony Brook and

also one from the drinking fountain
on Franklin street, corner Boswell
avenue. Both these samples were
sent to the state laboratory and on
Monday Superintendent Burnap received
the following report:

Dear Sir: I have the following to
report on the examination of the sam-
ples of water sent you on August
15, 1916, from Stony Brook reservoir.
Lab. No. 115-4931; source of sample,
reservoir; bacteria new and old, 20
degrees C., 160, agar, 27 degrees C.,
150; colon bacilli, absent in 1.1 and 10
C. C.

The bacteria are considerably lower
in numbers than they were at the time
of the last examination of the wa-
ter from this same source and the Col-
on Bacillus was not isolated, even
from ten cubic centimeters of the
water. The supply is apparently
entirely safe for drinking purposes
at the present time.

Yours very truly,
H. W. CONN, Director.

General satisfaction was expressed
over the reports on the samples which
will now put the public at ease on
the city water question.

POLITICAL POT IS
BEGINNING TO BOIL

Consideration of Delegates to Com-
ing Convention Leads to Mention-
ing of Names.

Not a little interest is being taken
in the republican caucus which is to
be held Thursday evening for the
state and senatorial conventions. It
has been intimated that there is like-
ly to be a contest for the various
places which if it develops will mean
the election of large numbers of new
delegates to the senatorial con-
vention in this district with the or-
ganization understood to be favor-
able to the nomination of Senator
Barnes, the names of Costello Lippitt,
Dr. N. B. Lewis, Dr. C. E. Stark and
Frank T. Maples have been men-
tioned.

For the delegation to the state con-
vention it is understood that Albert
J. Bailey, Herbert M. Lenny, William
H. Allen and Howard Spalding have
been receiving consideration while
the names of John D. Hall and James
F. Fitzpatrick have also been spoken
of in connection with the make up of
the two delegations.

It is understood that there is con-
siderable healthy sentiment, not only
in New London, but in Windham
county, candidate for governor.

ture picture, "The Eye," was shown

with William H. Thompson in the
leading role. A Social Club, the usual

thank those who so kindly sent flowers
and tributes, and especially the em-

the owners of the Baltic Mills Com-
